2nd Session

Archival research methods & 3-Dimensional reconstruction for heritage and cultural research

Tuesday, 29 August, 2023 | 5:00-6:00PM (JST, GMT+9)

This workshop session aims to introduce postgraduate and early career researchers to the potential of archival research methods and 3-Dimensional reconstruction techniques. The workshop will take on an interdisciplinary approach to explore potential research methods for the field of heritage and cultural tourism. Participants will be introduced to methods utilising archival materials and also explore the emerging field of 3D reconstruction and its application in researching cultural attractions and conservation. Examples will be used to provide valuable insights into the methodologies and tools that can enhance their research in heritage and cultural tourism.

Speakers: *Dr. Nurdiyana Zainal Abidin* Senior Lecturer, University Malaya, Malaysia
Ms. Nabilah Zainal Abidin PhD researcher, University of Technology Malaysia, Malaysia
